SUBJECT INDEX

αl-antitrypsin in carcinomas of the exocrine pancreas of the dog, Immunocytochemical detection of amylase, carbopeptidase A, carcinoembryonic antigen and 217
Adrenoceptors in the ureterovesical junction of the sheep, Mediation of contraction and relaxation by alpha- and beta- 57
Adrenocorticotrophic hormone to release serum amyloid A in cattle, Failure of 113
Aetiopathogenesis of canine elbow osteochondrosis: a study of loose fragments removed at arthrotomy 284
Air sampling procedure for evaluation of viral excretion level by vaccinated pigs infected with Aujeszky's disease (pseudorabies) 182
Amino acid transmitters to epileptiform activity and reflex suppression in electrically head stunned sheep, Contribution of 48
Amylase, carbopeptidase A, carcinoembryonic antigen and αl-antitrypsin in carcinomas of the exocrine pancreas of the dog, Immunocytochemical detection of 217
Analysis of pokeweed mitogen-induced in vitro proliferative and antibody responses of bovine lymphocytes 236
ATPase-positive epidermal dendritic (Langerhans) cells in piglets and adult swine, Quantitative assessment of 349
Aujeszky's disease (pseudorabies), Air sampling procedure for evaluation of viral excretion level by vaccinated pigs infected with 182

Babesia bigemina and *B bovis*, Lyophilised bovine serum as a substitute for frozen serum in the cultivation of 115
Babesia bovis, Lyophilised bovine serum as a substitute for frozen serum in the cultivation of *Babesia bigemina* and 115
Babesia divergens using the Mongolian gerbil *Meriones unguiculatus*, In vivo assays for drug resistance in 126
Bioassay of bovine interleukin-1-like activity 273
Blood from Red Danish dairy cows, Critical differences of clinical-chemical parameters in 86
Blood parameters and turnover data in calves infested with lice 62
Blowfly strike, Variation in skin inflammatory responses between sheep bred for resistance or susceptibility to fleece rot and 205
Bos grunniens and confirmation by recovery of pyrrolic metabolites from formalin-fixed liver tissue, Pyrrolizidine alkaloid poisoning of yaks 187
Bovine respiratory syncytial virus, Reinfection of lambs with 72
Bovine spongiform encephalopathy: case-control studies of calf feeding practice and meat and bonemeal inclusion in proprietary concentrates 325
Bovine spongiform encephalopathy: detection of fibrils in the central nervous system is not affected by autolysis 332
Bromodeoxyuridine and tritiated thymidine, Estimation of S phase duration in goat epidermis by an in vivo intradermal double labelling technique using 5
Bromodeoxyuridine and tritiated thymidine in the in vivo measurement of epidermal cell turnover time in goats, Comparison of 10

Campylobacter coli, Experimental infection of the mouse mammary gland with 123
Carbopeptidase A, carcinoembryonic antigen and αl-antitrypsin in carcinomas of the exocrine pancreas of the dog, Immunocytochemical detection of amylase 217
Carcinoembryonic antigen and αl-antitrypsin in carcinomas of the exocrine pancreas of the dog, Immunocytochemical detection of amylase, carbopeptidase A 217
Cardiovascular response to acute hypoxia in double-muscled calves 316
Caudal vena cava in dogs using partial venous inflow occlusion, A new technique for surgery of the 378
Chloramphenicol on sister chromatid exchange in bovine fibroblasts, Effect of 256
Comparative studies on N'Dama and zebu cattle following repeated injections with *Trypanosoma congolense* 292
Comparison of bromodeoxyuridine and tritiated thymidine in the in vivo measurement of epidermal cell turnover time in goats 10
Comparison of the pathogenicity for pregnant sheep of Rift Valley fever virus and a live attenuated vaccine 307
Confirmation of assignment of the bovine K-casein locus by PCR 264
Contribution of amino acid transmitters to epileptiform activity and reflex suppression in electrically head stunned sheep 48
Cooperia oncophora in calves in different locations, Establishment and pathogenicity of two strains of *Ostertagia ostertagi* and 22
Cortisol binding capacity of corticosteroid binding globulin in hyperadrenocorticoid and healthy dogs 363
Corynebacterium pseudotuberculosis on reproduction in adult ewes, The effect of experimental infection with 267

Critical differences of clinical-chemical parameters in blood from Red Danish dairy cows 86

Demodicosis or zinc-responsive dermatosis, Fat absorption in dogs with 117
Detection of rabbit haemorrhagic disease virus antigen in tissues by immunohistochemistry 299
Detection of TNE alpha receptors on ovine leucocytes by flow cytofluorimetry 129
Development and duration of protection against salmonellosis in mice and sheep immunised with live aromatic-dependent *Salmonella typhimurium* 147
Dietary fibre in the diet of the growing pig: effects on apparent digestibility and resultant implications for its use in reducing the incidence of oesophagogastric parakeratosis 15
Disc ELISA for the detection of salmonella group D antibodies in poultry 384
Docked lambs' tails, Neuromata in 389

Effect of chloramphenicol on sister chromatid exchange in bovine fibroblasts 256
Effect of experimental infection with *Corynebacterium pseudotuberculosis* on reproduction in adult ewes 267
Effect of feed type on the pharmacokinetic disposition of oxfendazole in sheep 382
Effect of glipizide on serum insulin and glucose concentration in healthy cats 177
Effect of pantothenic acid on disposition kinetics and tissue residues of sulphadimidine in chickens 337
Effect of propranolol on growth hormone response to GH-releasing hormone (GHRH 1-44) in the dog 110
Effects of dietary molybdenum on nematode and host during *Trichostrongylus vitrinus* infection in lambs 224
Effects of dietary molybdenum on nematode and host during *Haemonchus contortus* infection in lambs 230
Effects of temperature and pH on osmotic fragility of erythrocytes of the domestic fowl (*Gallus domesticus*) and guinea fowl (*Numida meleagris*) 1
Effects of treadmill exercise on cortical bone in the third metacarpus of young horses 28
Elbow joint: a light and electron microscopical study, Post natal development of the canine 67
Elbow osteochondrosis: a study of loose fragments removed at arthrotomy, Aetiopathogenesis of canine 284
Epidermal and hepatic glucocorticoid receptors in cats and dogs 312
Escherichia coli endotoxin injury in the chicken skin, Increased vascular permeability and leucocyte emigration in 154
Establishment and pathogenicity of two strains of *Ostertagia ostertagi* and *Cooperia oncophora* in calves in different locations 22
Estimation of S phase duration in goat epidermis by an in vivo intradermal double labelling technique using bromodeoxyuridine and tritiated thymidine 5
Exercise on cortical bone in the third metacarpus of young horses, Effects of treadmill 28
Experimental infection of the mouse mammary gland with *Campylobacter coli* 123

Failure of adrenocorticotrophic hormone to release serum amyloid A in cattle 113
Fat absorption in dogs with demodicosis or zinc-responsive dermatosis 117
Female sex steroid residues in the tissues of steers treated with progesterone and oestradiol-17β 105
Fibre in the diet of the growing pig: effects on apparent digestibility and resultant implications for its use in reducing the incidence of oesophagogastric parakeratosis, Dietary 15
Fleece rot and blowfly strike, Variation in skin inflammatory responses between sheep bred for resistance or susceptibility to 205
Foot-and-mouth disease virus, Maturation of functional antibody affinity in animals immunised with synthetic 133
Further observations on the weak immunogenicity of *Fusobacterium necrophorum* 262
Fusobacterium necrophorum, Further observations on the weak immunogenicity of 262
Fusobacterium necrophorum biovar B, Pathogenicity of 260

Gerbil, *Meriones unguiculatus*, In vivo assays for drug resistance in *Babesia divergens* using the Mongolian 126
GH-releasing hormone (GHRH 1-44) in the dog, Effect of propranolol on growth hormone response to 110
Gingival crevicular fluid in dogs, Penetration of tinidazole into the 391
Glipizide on serum insulin and glucose concentration in healthy cats, Effect of 177
Glucocorticoid receptors in cats and dogs, Epidermal and hepatic 312
Gonadotrophins, Oestrus synchronisation and fertility in Black Bengal goats following administration of progesterone/prostaglandin and 141

Haemonchus contortus infection in lambs, Effects of dietary molybdenum on nematode and host during 230
Haemorrhagic disease virus antigen in tissues by immunohistochemistry, Detection of rabbit 299
Harderian gland after local immunisation, Immunoglobulin classes synthesised by the chicken 44
Harderian gland to antigen given by different ocular routes, Local immune response in the chicken 38
Humoral responses to a multivalent vaccine in age-matched lambs of different bodyweight and nutrition 277
Hyperadrenocorticoid and healthy dogs, Cortisol binding capacity of corticosteroid binding globulin in 363
Hypoxia in double-muscled calves, Cardiovascular response to acute 316

Immunocytochemical detection of amylase, carbopeptidase A, carcinoembryonic antigen and α1-antitrypsin in carcinomas of the exocrine pancreas of the dog 217
Immunoglobulin classes synthesised by the chicken Harderian gland after local immunisation 44
In vivo assays for drug resistance in *Babesia divergens* using the Mongolian gerbil, *Meriones unguiculatus* 126

In vivo assessment of drug sensitivity of African trypanosomes using the akinetoplastic induction test 243
Increased vascular permeability and leucocyte emigration in *Escherichia coli* endotoxin injury in the chicken skin 154
Insulin and glucose concentration in healthy cats, Effect of glipizide on serum 177
Interleukin-1 stimulation of equine articular cells 342
Interleukin-1-like activity, Bioassay of bovine 267
Isolation and preliminary characterisation of a novel retrovirus isolated from a leukaemic dog 250

K-casein locus by PCR, Confirmation of assignment of the bovine 264

Langerhans cells in piglets and adult swine, Quantitative assessment of ATPase-positive epidermal dendritic 349
Leukaemic dog, Isolation and preliminary characterisation of a novel retrovirus isolated from a 250
Lice, Blood parameters and turnover data in calves infested with 62
Local immune response in the chicken Harderian gland to antigen given by different ocular routes 38
Loss of absorptive capacity for sodium and chloride in the colon causes diarrhoea in Potomac horse fever 353
Lyophilised bovine serum as a substitute for frozen serum in the cultivation of *Babesia bigemina* and *B bovis* 115

Maturation of functional antibody affinity in animals immunised with synthetic foot-and-mouth disease virus 133
Mediation of contraction and relaxation by alpha- and beta-adrenoceptors in the ureterovesical junction of the sheep 57
Meriones unguiculatus, In vivo assays for drug resistance in *Babesia divergens* using the Mongolian gerbil 126
Metacarpus of young horses, Effects of treadmill exercise on cortical bone in the third 28
Molybdenum on nematode and host during *Trichostrongylus vitrinus* infection in lambs, Effects of dietary 224
Molybdenum on nematode and host during *Haemonchus contortus* infection in lambs, Effects of dietary 230
Mycoplasma hyorhinis, Specificity of oligonucleotide probes complementary to evolutionally variable regions of 16S rRNA from *Mycoplasma hypopneumoniae* and 195
Mycoplasma hypopneumoniae and *Mycoplasma hyorhinis*, Specificity of oligonucleotide probes complementary to evolutionally variable regions of 16S rRNA from 195

N'Dama and zebu cattle following repeated injections with *Trypanosoma congolense*, Comparative studies on 292
Neuromata in docked lambs' tails 389
New technique for surgery of the caudal vena cava in dogs using partial venous inflow occlusion 378

Occurrence of *Staphylococcus intermedius* on the hair and skin of normal dogs 174
Oestradiol-17β, Female sex steroid residues in the tissues of steers treated with progesterone and 105
Oestrus synchronisation and fertility in Black Bengal goats following administration of progesterone/prostaglandin and gonadotrophins 141
Onset of insensibility at slaughter in calves: effects of electroplectic seizure and exsanguination on spontaneous electrocortical activity and indices of cerebral metabolism 162
Osteochondrosis: a study of loose fragments removed at arthrotomy, Aetiopathogenesis of canine elbow 284
Ostertagia ostertagi and *Cooperia oncophora* in calves in different locations, Establishment and pathogenicity of two strains of 22
Oxfendazole in sheep, Effect of feed type on the pharmacokinetic disposition of 382

Pancreas of the dog, Immunocytochemical detection of amylase carbopeptidase A, carcinoembryonic antigen and α1-antitrypsin in carcinomas of the exocrine 217
Pancreatectomy and anastomosis of the pancreatic duct to the stomach or duodenum in dogs, Pancreatic function following partial 97
Pancreatic function following partial pancreatectomy and anastomosis of the pancreatic duct to the stomach or duodenum in dogs 97
Pantothenic acid on disposition kinetics and tissue residues of sulphadimidine in chickens, Effect of 337
Parakeratosis, Dietary fibre in the diet of the growing pig: effects on apparent digestibility and resultant implications for its use in reducing the incidence of oesophagogastric 15
Pathogenicity of *Fusobacterium necrophorum* biovar B 260
Penetration of tinidazole into the gingival crevicular fluid in dogs 391
Pokeweed mitogen-induced in vitro proliferative and antibody responses of bovine lymphocytes, Analysis of 236
Polioencephalomalacia in sheep, Role of thiamine status in sulphur induced 78
Post natal development of the canine elbow joint: a light and electron microscopical study 67
Potomac horse fever, Loss of absorptive capacity for sodium and chloride in the colon causes diarrhoea in 353
Preservation of feline anti-*Toxoplasma gondii* antibody activity using blood absorbed on filter paper stored under different conditions 387
Progesterone and oestradiol-17β, Female sex steroid residues in the tissues of steers treated with 105
Progesterone/prostaglandin and gonadotrophins, Oestrus synchronisation and fertility in Black Bengal goats following administration of 141
Propranolol on growth hormone response to GH-releasing hormone (GHRH 1-44) in the dog, Effect of 110
Pseudorabies, Air sampling procedure for evaluation of viral excretion level by vaccinated pigs infected with Aujeszky's disease 182
Pyrrolizidine alkaloid poisoning of yaks (*Bos grunniens*) and confirmation by recovery of pyrrolic metabolites from formalin-fixed liver tissue 187

Quantitative assessment of ATPase-positive epidermal dendritic (Langerhans) cells in piglets and adult swine 349

Reciprocal translocation (13;20) (q12;q22) in an Icelandic sheep 367
Red Danish dairy cows, Critical differences of clinical-chemical parameters in blood from 86
Reinfection of lambs with bovine respiratory syncytial virus 72
Resistance to tick-borne fever in young lambs 211
Rift Valley fever virus and a live attenuated vaccine, Comparison of the pathogenicity for pregnant sheep of 307
Role of thiamine status in sulphur induced polioencephalomalacia in sheep 78

S phase duration in goat epidermis by an in vivo intradermal double labelling technique using bromodeoxyuridine and tritiated thymidine, Estimation of 5
Salmonella group D antibodies in poultry, A disc ELISA for the detection of 384
Salmonella typhimurium, Development and duration of protection against salmonellosis in mice and sheep immunised with live aromatic-dependent 147
Salmonellosis in mice and sheep immunised with live aromatic-dependent *Salmonella typhimurium*, Development and duration of protection against 147
Serum amyloid A in cattle, Failure of adrenocorticotrophic hormone to release 113
Slaughter in calves: effects of electroplectic seizure and exsanguination on spontaneous electrocortical activity and indices of cerebral metabolism, Onset of insensibility at 162
Specificity of oligonucleotide probes complementary to evolutionally variable regions of 16S rRNA from *Mycoplasma hypopneumoniae* and *Mycoplasma hyorhinis* 195
Staphylococcus hyicus, Surface hydrophobicity of *Staphylococcus intermedius* and 90
Staphylococcus intermedius and *Staphylococcus hyicus*, Surface hydrophobicity of 90
Staphylococcus intermedius on the hair and skin of normal dogs, Occurrence of 174
Stunned sheep, Contribution of amino acid transmitters to epileptiform activity and reflex suppression in electrically head 48
Sulphadimidine in chickens, Effect of pantothenic acid on disposition kinetics and tissue residues of 337
Sulphur induced polioencephalomalacia in sheep, Role of thiamine status in 78
Surface hydrophobicity of *Staphylococcus intermedius* and *Staphylococcus hyicus* 90

TNF alpha receptors on ovine leucocytes by flow cytofluorimetry, Detection of 129
Thiamine status in sulphur induced polioencephalomalacia in sheep, Role of 78
Tick-borne fever in young lambs, Resistance to 211
Tinidazole into the gingival crevicular fluid in dogs, Penetration of 391
Toxoplasma gondii antibody activity using blood absorbed on filter paper stored under different conditions, Preservation of feline anti- 387
Trichostrongylus vitrinus infection in lambs, Effects of dietary molybdenum on nematode and host during 224
Tritiated thymidine in the in vivo measurement of epidermal cell turnover time in goats, Comparison of bromodeoxyuridine and 10
Tritiated thymidine, Estimation of S phase duration in goat epidermis by an in vivo intradermal double labelling technique using bromodeoxyuridine and 5
Trypanosoma congolense, Comparative studies on N'Dama and zebu cattle following repeated injections with 292
Trypanosomes using the akinetoplastic induction test, In vivo assessment of drug sensitivity of African 243

Ultrastructural observations on autolytic changes of atrial specific granules in pig heart 120
Ureterovesical junction of the sheep, Mediation of contraction and relaxation by alpha- and beta-adrenoceptors in the 57

Variation in skin inflammatory responses between sheep bred for resistance or susceptibility to fleece rot and blowfly strike 205
Venous inflow occlusion, A new technique for surgery of the caudal vena cava in dogs using partial 378
Venous inflow occlusion in the normothermic dog: a study of haemodynamic, metabolic and neurological consequences, Total 371

Yaks (*Bos grunniens*) and confirmation by recovery of pyrrolic metabolites from formalin-fixed liver tissue, Pyrrolizidine alkaloid poisoning of 187

Zebu cattle following repeated injections with *Trypanosoma congolense*, Comparative studies on N'Dama and 292
Zinc-responsive dermatosis, Fat absorption in dogs with demodicosis or 117
